About Certification In Animation Design

Our Animation Design course is a wide program designed to equip students with the skills and knowledge required to excel in the field of animation. Through hands-on training and practical exercises, students will learn the principles of animation, character design, storyboarding, and digital editing. They will acquire mastery in industry-standard animation software and t echniques, exploring various styles and genres. By the end of the course, students will have developed a strong portfolio showcasing their animation skills, ready to embark on a successful career in the dynamic world of animation.
